Dear John,

Please accept this letter in grateful recognition of the *\$200.00 donation* from the NMRA to the Quincy Mine Hoist Association in September of 2016. Your generous donation was placed in our Railroad account and will be used in the future to help restore the Quincy & Torch Lake Railroad #6 locomotive.

Volunteers continue to work with restoring Engine #6 down at the Engine House. It was very exciting to have the Engine and tender moved back inside the Engine House This year! house. There is a lot to do yet and your contribution will help acquire materials needed.

On behalf of the Management, Staff, and Board of Directors, we thank you for your very generous gift.

Fondly yours,

Glenda J.O. Bierman
Manager, Quincy Mine Hoist Association
